

BRANIFF GIRARD COUCH FROM EXCHANGE PARK DAL - Today, Braniff Airways Foundation traveled to Austin, Texas, to accept a unique loveseat sofa that was from Braniff Tower at Exchange Park. The sleek mid-century styled couch was recovered in the classic Alexander Girard Two-Stripe Green and Gold fabric in 1965.

The sofa is in extremely good condition for its age and is a testament to the durability of the Girard fabrics by Herman Miller of Zeeland, Michigan. Special thanks to our good friends in Braniff's Austin!
